Informed Consent – Anne Zeigler, Resident in Counseling

Thank you for choosing this practice and my services. This document is intended to inform you of my policies, state and federal laws, your rights, and the nature of our professional relationship. If you have other questions or concerns, please do not hesitate to ask.

I am a graduate of Capella University where I completed my Master of Science in Clinical Mental Health Counseling in 2015. I am pursuing licensure as a Licensed Professional Counselor (LPC) in the state of Virginia. Milgrim and Associates is providing me the opportunity to practice as a Resident in Counseling under the supervision of Mr. Steven Milgrim, LPC, a Licensed Professional Counselor. He may be reached at (703) 499-9889.

Counseling

Behavioral health care is a cooperative process. Regular session attendance and open, honest communication are essential to the therapeutic process. I want you to be comfortable in knowing that I will work to understand you and your needs while providing a safe, confidential environment.

Therapy is voluntary for the client, with freedom to discontinue services at any time. I recommend that clients commit to a minimum of six sessions. If at any point I feel that the client would be better served by a specialized referral service, I will discuss this with the client and provide supportive care in the transition to these treatments.

SESSION LENGTH

Initial sessions are 50-55 minutes in length. Subsequent sessions are 45 minutes in length. Groups are 1 hour in length. If you are late to your session, I will be glad to see you, but due to scheduling restrictions *I can not extend the length of your session.*

CANCELLATION, DENIAL, AND FINANCIAL POLICY

You will be responsible for the full amount of each visit. Individual sessions will be charged at the rate of \$80 per 45 minute session. ***When an appointment is scheduled, that time has been set aside solely for you, therefore canceled and/or missed appointments will result in a missed appointment fee of \$60, except in cases of emergency.*** After 2 missed appointments, *regardless of reasons* given, Milgrim & Associates, P.C., reserve the right to charge a missed appointment fee and/or recommend possible case closure for multiple cancellations. This will be handled on a case by case basis. Milgrim and Associates, P.C. will be glad to provide time spent writing letters, reports, or making phone calls at the rate of \$20 per 15 minutes. We do not accept checks over \$50.

I understand that reasonable efforts will be made by Milgrim and Associates, P.C. to collect these fees from me. In the event that it becomes necessary for Milgrim and Associates, P.C. to forward this account to a collection agency, I authorize my demographic and financial information to be released and agree to pay all collection agency fees, a 50% agency fee, court costs and attorney fees .

Confidentiality

Privacy and confidentiality are imperative to effective treatment and the client-therapist relationship. Your records and personal information are protected by state and federal law and my professional ethics. In the event that I require professional consultation in regard to your treatment, I will disclose only that information which is necessary for accurate advisement with professionals, such as my supervisor Steven Milgrim, who is bound by the same professional ethics and legal requirements.

Confidentiality is limited within the following conditions: 1) I believe you intend to harm yourself or another person, 2) I am ordered by the court to disclose information, 3) you direct me to release your information, 4) pertinent information required by 3rd party payers.

If there is an emergency during treatment where I become concerned about your personal safety, the possibility of you injuring someone else, or about you receiving proper psychiatric care, I will do whatever I can within the limits of the law to prevent you from injuring yourself or others, and to ensure that you receive the proper medical care. For this purpose, I may contact the police, the hospital, the targeted victim, and/or the person whose name you have provided as an emergency contact.

If I suspect that abuse of a child or elder may have taken place, I am required to report the suspected abuse to child or adult protective services. Abuse that happened in your childhood prior to becoming an adult at the age of 18 is not reportable unless there is a child who is currently in danger of being abused by the same person or persons. Child abuse includes physical or sexual abuse, neglect, excessive corporal punishment, child abduction and exposure to domestic violence that is traumatizing to the child. Elder abuse includes physical or sexual abuse, neglect, abduction, financial abuse, self neglect, isolating the elder, and not providing proper care, including medical care and mental health needs.

If you request couples or family therapy, couples and family members may be seen at times individually or conjointly. Information shared during these sessions or in related settings (e.g., telephone calls) is considered part of the overall family or couple therapy process and is not confidential from the other participating family members or partners. Bear in mind that "secrets" withheld from partners and/or family members can be counterproductive to the therapeutic process.

Counseling Minors

While parents or guardians have a legal right to know what treatment modalities are being utilized and what charges are incurred during the course of therapy with their child, it is not conducive to the therapeutic relationship, or in the child's best interest, to disclose all information that the child may share in confidence. Any information that is relayed to me by a minor within the counseling setting may be with-held from or disclosed to parents/guardians if, in my professional judgment, it is appropriate or necessary.

Emergency Contact Instructions

In the event of an emergency and I am unavailable to take your call or respond within an hour, contact 9-1-1, contact or visit your local mental health crisis center, or go to the nearest hospital emergency room. Also, contact pre-selected family members or reliable friends to assist you with your situation, including your mental state and transportation.
